

VA Advanced Fellowship Health Systems Research Denver, Colorado

OVERVIEW

The Denver/Seattle Center of Innovation (COIN) for Veteran-Centered and Value-Driven Care, located in Denver, Colorado, is seeking enthusiastic and innovative applicants for our PhD Advanced Fellowship in Health Systems Research (HSR).

The two-year HSR Fellowship Program provides PhD researchers the training and support to apply their research in the VA and complete publishable research projects.

The Denver COIN seeks both clinical and non-clinical PhD level researchers who have interest areas that position them to impact and improve Veterans' Health. The HSR Fellowship emphasizes education, research, and mentorship, and allows Fellows to hone skills in a variety of areas.
